Opening Statement

“The child who concentrates is immensely happy.”

~ Maria Montessori

As the year progresses the children have been working towards working independently through their lessons in the classroom. Please make sure your child is working on i-Ready diligently in order to reinforce concepts that have been taught and expose the children to different styles of questions.

We would like to remind you that with the short month of February past us Florida's warmer weather is upon us. Please ensure your child brings their water bottle to school to keep hydrated during school.

Our Lessons

In **Social Studies**, second graders will be learning about the story of time, and ways we keep time such as calendars and the clock. Third graders will be working on studying the Government of the United States of America (local, state and national). Both second and third graders will be working on Primary and Secondary Resources.

In **Reading**, second graders are studying literature with a focus on character analysis, story structure, and making inferences. Third graders will be working on their 7th Portfolio focusing on Government. Last, we will work on poetry.
