CLASSROOM NEWS

Dear Parents and Guardians,

During the first month of our school year, the children had an amazing start, full of energy and enthusiasm, for an amazing beginning.

Our first priority was to create a warm and inclusive atmosphere where everybody feels welcome and part of this amazing class group. Games and class conversations made this possible.

Also, as important it is to be part of a group, we made sure to set classroom expectations as well as rules to follow, and they are already showing their commitment to make our classroom community a positive environment to learn.

We've noticed the enthusiastic and energetic children that are in the class, eager to learn and have fun during this school year.

Important...

- Student Arrival is from 7:45 to 8:05 a.m. We begin promptly each day at 8:05. Please help your child to start the day off right by arriving on time. Dismissal starts at 2:45 and ends at 3:15 p.m.
- Please pack a nutritious lunch (if school is not providing), and a healthy snack for the beginning of the morning. Also a bottle of water is encouraged.
- Please label ALL your child's personal belongings, such as jackets, sweaters, lunches, backpacks, etc.
- Homework started to be sent, please make sure that Homework is returned inside the White communication folder on Fridays.
- Also I-Ready assignments should be completed by Friday.

Thanks for your support!

Sneak Peak of our topics

MATH:

- Understanding fact family relationships.
- Comparing and contrast 3 dimensional shapes.
- Solving one step of real world problems.
- Sorting different shapes by vertices or corners.
- Addition and subtraction equations
