

# PINE - MAY/JUNE 2024

## NEWSLETTER

In ELA, the students will work on identifying an author's claim and explaining how that claim is supported. They will also work on identifying a rhymed verse poem and how text features contribute to meaning.

In Social Studies, the students will learn about the characteristics of money and the North American currencies. They will also be completing their Social Studies end of school project.

### Reminders:

- P.E. and Art every Tuesday and Thursdays,
- Spelling test every Friday.
- Math quiz every Friday.
- iReady homework Reading Mondays and Wednesdays.
- iReady homework Math Tuesdays and Thursdays.

In Math, we will be in the final lessons 31 and 32. The topic will be drawing and analyzing different types of graphs. Students will use chart data to solve problems. The last few weeks will review everything learned in the school year and practice.

In Science, we will study Energy, Conduction, Animal Classification and Photosynthesis in Science

Please remember: practice, practice and practice every day, in this way we will ensure that everyone grows in their academic development.
